Bird Census News

- Interest in preparing manuscripts for BCN
 - Atlas and Common Bird Monitoring
 - North and South Europe
 - Trends, densities and distribution
 - All species and species-focused monitoring
 - But nothing about new/young projects, garden birds nor Eastern Europe **yet**
- What about your story?
 - Deadline 31. March and publication in 2016

If you consider preparing a manuscript for BCN, please arrange it with the editor, Anny Anselin

Safe and sensible

What comes out of this?

- Status and overview
 - What is going on, who is involved?
- Inspiration for starting wintering monitoring projects?
- Inspiration for starting analyzing your data?
- Starting point for a European winter bird atlas based on the data from Euro Bird Portal?
- Starting point for a scientifically based European garden bird project?

Wild ideas ☺
